New products 2024

## A "WOOD GRADE" OF ITS OWN.

**T**he new MAUSER model versions with a laminated stock: sturdy, weather resistant and attractive. The design: several layers of wood, laminated together under high pressure. The result: an ultra-stable, homogeneous stock that does not warp, tear or swell. Created for tough use in any weather and any temperature. It is perfectly balanced and, in combination with the barreled action, provides optimum shooting performance. Easy to care for, ultra robust and visually attractive!

# MAUSER 18 Pure

Practical. Purist. Simply "pure".

**T**he design of this bolt action rifle with a classic sporter stock resembles that of its ancestor, the MAUSER 98, and impresses with pure function, a classic shape and the sporty style. All the top features from the MAUSER 18 series included! With 51cm standard barrel length and muzzle thread M 15x1. Weight: ca. 3,2kg; total standard length: 101,5cm

# MAUSER 18 Pure Max

Purist design. Pure ergonomics.

**M**aximum ergonomics at an attractive price: The sturdy laminate stock with large thumb hole and palmwell on both sides guarantees a reliable grip. This bolt action rifle also boasts all the top features from the MAUSER 18 series. With 51cm standard barrel length and muzzle thread M 15x1. Weight: ca. 3,3kg; total standard length: 101,5cm

# MAUSER 12 Grey Max

Sturdy. Ergonomic. Robust.

**P**ractical and compact: all the advantages of laminated wood, a thumb hole stock and polymer coating in a single model! The design and the selected materials enable perfectly smooth mounting when easy handling as well as precision are required. All the features from the MAUSER 12 series included! With 51cm standard barrel length and muzzle thread M 15x1. Weight: ca. 3,3kg; total standard length: 101,5cm
